

## And You Thought Yetis and Bigfoots are the same? Think Again!

During the time of the Great Snows...high up in the mountains...in a land far away from here...there lived a tribe of Yetis...led by the very wise Yeti elder...**OONGHAR**...the paramount leader during the great snows.

Through **OONGHAR's** wisdom, guidance and leadership the tribe lived...**happily**...through all the trials and tribulations they've met. One could hear them at night...singing and dancing around the fire!

**Meanwhile...**

down in the valleys there lived another tribe,...the Bigfoots...led by the rather miserable **Hquargwoonk**.

The Bigfoots faced the same trials and tribulations as the Yetis...yet lived a rather unhappy existence, doing it tough...and struggled through life. Hquargwoonk and the Bigfoots looked enviously at the Life that **OONGHAR** and the Yetis lived.

**What was their secret???**

**OONGHAR**...understanding the laws of the universe and nature...encouraged the Yeti tribe to **utterly respect** and...**always...work within** these laws!

**Hquargwoonk** and the Bigfoots however...did NOT...understand these basic laws and totally ignored and violated them.

Where **OONGHAR** and the Yetis picked up fallen tree branches for firewood, planted their seeds amongst the trees and used the trees for shelter...**Hquargwoonk** and the Bigfoots chopped down whole trees...eroded the land...and ended up without shelter.

The Yetis lived their lives in total collaboration and harmony, helping one another to fulfill each other's dreams! ...And the Bigfoots? ...They lived a life of fear, jealousy and rivalry... they were behaving very selfishly!

It's said...that whenever there is a Great Snow...a greater & wiser **OONGHAR** will appear...and "**Awaken the Yeti Within**" in those who are ready to experience the power of the **YETI WISDOM**...bringing success and prosperity!

Is there another Great Snow upon us? Are you ready to **Step Up**...and **Awaken the Yeti Within You** ...claiming Your own **YETI WISDOM**? Then have a look in the **MIRROR**...and you may just see... **OONGHAR**...stare at Yaaaaaaa!!!
